

WAGNER

Universal Sprayer
Control Pro 350 Extra

Up to
55%
less overspray

HEA | HIGH EFFICIENCY
AIRLESS™

Control Pro 350 Extra

MAKES IT EASIER TO PAINT LIKE A PRO!™

- High Efficiency Airless
- Less overspray
- Maximum control
- Less fatigue
- Longer equipment life

www.wagneraustralia.com.au

Integrated storage box

Ideal for storing tips and accessories.

Innovative HEA tip technology:

Long-wearing tip provides the same flow & production as high pressure systems, with a soft, feathered spray pattern.

Lightweight metal gun with two-finger trigger

For ergonomic & fatigue-free work.

Pressure gauge

Perfectly control pressure to suit the material being sprayed.

Direct intake from the paint container

For convenient, non-stop spraying.

High-Efficiency Airless pump

Reduced spraying pressure provides a softer, more controllable spray pattern.

Adjustable pressure control to a maximum of 1600 psi

Spray at half the pressure of a traditional airless unit.

Valve depressor

The valve is released with just the press of a finger, for reliable performance.

Skid or cart configuration

100 bar pressure
HEA Tip 517

150 bar pressure
Standard Airless Tip 517

HEA technology

Paint application with HEA technology

Standard airless technology

Paint application with standard airless technology

With an innovative new spray tip design and a very efficient pump, the ground-breaking technology enables the user to spray with significantly reduced pressure and maximum control – resulting in a softer spray pattern and up to 55% less over-spray when compared to conventional airless technology. There are many benefits to this new technology, especially when spraying indoors. Less overspray also results in more efficient usage of paint since less paint is wasted when spraying.

HIGH QUALITY GUARANTEED

Our engineers are constantly working to enhance and develop products. That is why we offer market leading guarantees which are extended when you register.

CONTROL PRO EXTRA INCLUSIONS

- Metal gun
- 3 x tips (311, 515, 619)
- Pressure gauge
- Filter kit
- 30cm extension pole
- 15m hose

TECHNICAL DATA

Flow rate:	1.5 l/min
Max. spray pressure:	1600 psi
Max. tip size:	0.019"
Max. Hose Length:	60 mtr
Power consumption:	600 W
Weight:	7.6 kg (skid) 13 kg (cart)
Part Number:	2371063 (skid) 2371067 (cart)
