

WAGNER

VECTOR

NEW

THE NEW GENERATION OF AIRLESS GUNS

A revolution in comfort and control

www.wagneraustralia.com.au

One touch trigger lock

easier to reach and operate

Ergonomic hand rest

gun sits comfortably in the hand

Built-in filter wrench

helps remove and replace gun filters fast

Easy to clean

rounded handle with easier to clean grooves

New swivel design

rotates easily for better manoeuvrability

VECTOR PRO

One touch trigger lock

stop and resume work again with the press of a finger

More durable

anodised gun head design

Ultra light trigger

30% lighter trigger pull for less fatigue. Comes with both 4-finger & 2-finger triggers.

Ladder & chair hooks

hang the gun almost anywhere during work interruptions

Ergonomically designed, customisable grip

with a contoured palm support that enhances comfort and decreases fatigue

Built-in filter wrench

helps remove and replace gun filters fast

New swivel design

rotates easily for better manoeuvrability

VECTOR GRIP

EXTRA LONG LIFE

Spring assembly is isolated from the fluid path, increasing flow and reducing wear. Get two times the life by simply reversing the seat and changing the ball.*

INTERCHANGEABLE GRIPS

A perfect fit for every hand: Exchangeable ergonomic grips are available in three sizes. Guns sold with medium size as standard. ^

^ Other sizes sold separately

BUILT-IN WRENCH

Trigger guard with built-in filter wrench makes filter changes quick and easy.
