## PORTABLE & COMPACT HANDHELD FOR SMALLER PROJECTS & FINE FINISHING

Kit comes complete in carry case and includes FC3500 unit with standard spray attachment (with 1 litre metal pot), carry strap (can be used on case or sprayer), cleaning brush, 30 mesh filter for high viscosity materials, 50 mesh filter for low viscosity materials, 3 replacement air filters and filling funnel.

Power	700 W
Atomisation Power	220 W
Container Size	1 litre
Weight	2.3 kg

# THE BEST OF BOTH WORLDS

## RENDER & SPRAY IN ONE!

**High pressure plaster & render screw pump and airless sprayer in one compact unit.**

For the first time, render & plaster applicators can spray both their thicker materials, and then simply by adding a standard airless hose & gun the unique HP30 can be turned into an airless sprayer for high-viscosity paints and fillers. With the added benefit of being HEA compatible, low pressure spraying can also be achieved.

Comes complete on cart with 50 litre hopper, 10m x 19mm hose, AG-19 high pressure gun, pressure gauge, 443 TradeTip 3 and tip guard, and PlastGuard long-lasting pump protector. Requires 15 amp power. Add the HEA spray kit with Vector Grip gun, hose and assorted HEA tips for just \$595 for your complete spray solution.

CASH BACK**

## ULTRA PORTABLE & COMPACT SYSTEM

*For spraying interior and exterior acrylic texture, cement based render and plaster filler up to 6mm.*

The application of organic and mineral materials is really hard work. The material often has to be carried up in buckets over several floors, especially in multi-storey buildings. Wagner texture and render spray systems can make life so much easier. The PC1030 can pump material from the ground to heights of up to 30m!

PlastCoat units are suitable for a huge variety of applications, such as thermal insulation, textured plaster and paint, acrylic based renders, smoothing and structuring, waterproofing, concrete repair and much more. The uniformity of coating is also greatly improved.

**ASK IN STORE FOR A DEMO!**

Max. Delivery Radius	50 mtr
Max. Delivery Height	30 mtr
Max. Grain Size	6 mm
Max. Pressure	580 psi
Max. Flow Rate	15 l/min

## MID-LARGE PISTON PUMP RANGE. BIG PUMPS, BIG POWER, BIGGER PERFORMANCE.

- Digital Electronic Spray Control allows you to track overall litres of paint sprayed through your ProSpray, as well as per project tracking. PIN code security will stop anyone using a stolen sprayer.
- Wagner's unique Quad+™ packings also prevents wear and are simple to change. The superior design keeps tension even as the piston wears meaning significantly lower maintenance costs over the life of the sprayer.

## DIAPHRAGM AIRLESS PUMPS - RELIABLE PERFORMANCE

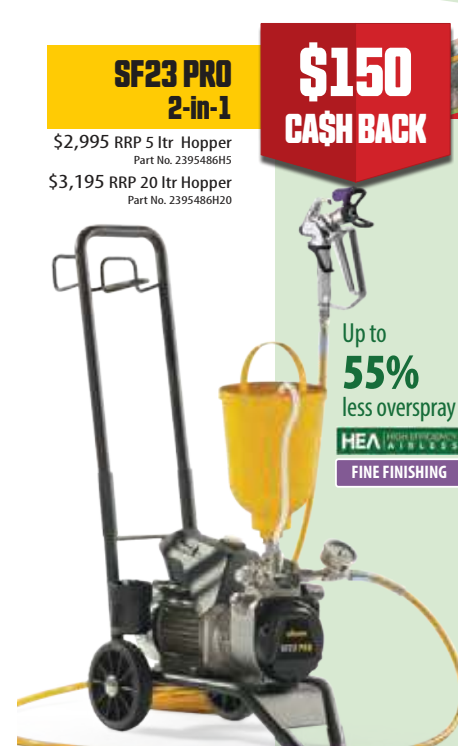

The reduced stroke rate in diaphragm pumps means wear components are under much less stress, for longer service life and much lower maintenance costs.

- Variable pressure control makes them ideal for use with hoppers and small colour runs
- New valves can be replaced onsite within minutes
- No pulsation for perfectly smooth application

### WHAT PAINTERS ARE SAYING ABOUT THE SF23 Pro:

"My SF23 Pro has been a wonderful addition to my work vehicle. It's lightweight and very easy to manoeuvre on the job site. I would not hesitate to recommend the SF23 Pro to any trade painter who is serious about quality results to help keep ahead of the game. I could not be happier with my purchase."

Michael Maggs  
Mike's Painting, Sunshine Coast, QLD

"The SF23 Pro is much quieter and achieves a far better finish, as well as savings in paint due to being able to run it at lower pressure (900psi)".

Phil Hathaway  
Daryl Hathaway Painting QLD

"The SF23 Pro packs a lot of benefits into an economical & compact unit. I use it for repaints and new projects for both acrylic and enamel paints. Top addition to my tool kit!"

Josh Ford  
Repaint Specialist, VIC
