WAGNER

VECTOR GRIP

5000 psi Pressure Rating

Allows spraying of high viscosity materials such as corrosion protection etc.

Cost Effective to Repair

Reversible seat and replaceable ball.

More durable

anodised gun head design

1-Finger trigger lock

Secure and release using only one hand.

FingerPrint+ Grip

Fully adjustable hand grip delivers maximum customization and decreases fatigue.

Free-Flow Swivel

The only front feed gun with a swivel.

Stainless Steel Fluid Tube

For higher pressure & enhanced durability.

Super Light "All-Day" Trigger

Drastically reduced force required to pull, and hold trigger depressed (60% less strength required than comparable guns).

Filter

Available with or without filter

Direct Material Feed

Offers improved flow.

VECTOR INFINITY

EXTRA LONG LIFE

Spring assembly is isolated from the fluid path, increasing flow and reducing wear. Get two times the life by simply reversing the seat and changing the ball.*

INTERCHANGEABLE GRIPS

A perfect fit for every hand: Exchangeable ergonomic grips are available in three sizes. Guns sold with medium size as standard.[†]

[†] Other sizes sold separately - For Vector Grip only

BUILT-IN WRENCH

Trigger guard with built-in filter wrench makes filter changes quick and easy.
