CORDLESS W 600 FLEXiO

powered by  **BOSCH**

Standard spray attachment with three-way adjustable round nozzle

For water and oil based paints, varnish, wood preservatives and much more, adjustable spray jet for spraying horizontally, vertically or round.

Adjustable 5-stage air volume LED display

For the perfect application of materials with different viscosities.

Variable delivery rate

Paint flow can be adjusted depending on the size of the project and your working speed.

Spray attachment with i-SPRAY nozzle

For the application of thicker water based paint, adjustable spray jet horizontal/vertical and narrow/wide.

Battery status display

Brushless motor

For constant high performance, less wear, longer service life.

Handy on/off switch

For one-handed operation without interruptions.

Bosch 18 V Professional battery system

For complete flexibility when working and compatibility with the Bosch cordless platform.

CLICK & PAINT

Spray Attachments

Look for the Click & Paint logo for compatible sprayers.

Standard Spray Attachment 800mL

Perfect when spraying two or more different colours and materials in one project.

2361731

2361739

Brilliant Spray Attachment 600mL

Optimised nozzle for doors, trim, & furniture with solvent or oil based products.

Gravity Feed Attachment 600mL & Pot 150mL
